Online Safety

For Parents - Protecting Children from Explicit Content

It is easy for any person, any age, to stumble across inappropriate and explicit content online and for parents this can be challenging. Internet Matters have a range of resources available to help parents including:

- Tips and tools for website/content filtering.*
 - What to do if your child sees explicit content.*
 - Resources for further help and support.*
-

You can see all the sections [HERE](#).

Additionally, with everything that is going on around the world at the moment it's important that parents know how to minimise the negative impact of what their children may be seeing. The Mental Health Foundation have put some advice together which i think would be very useful. You can find this [HERE](#).
