September 2023 Updates

Online Safety

For Parents - Supporting Young Girls' Wellbeing.

From managing screen time, the fear of missing out and body image. All these and more can affect the wellbeing of children. Internet Matters have put together a great series of articles for parents and although aimed at 9-10 year old girls I would say it is worthwhile for all older and younger children, boys and girls.

You can see the advice page [HERE](#).

For Parents - Samsung Kids Parental Controls

Samsung Kids is a parental feature which you can set up on your child's device which can be used to apply restrictions such as app access, downloading, screen time, privacy and more. It's really easy to set up and use and will help you to manage your child's online activity.

To learn more, including a setup guide, see [HERE](#).
