ICT Home School Agreement – Hartshorne CE Primary School

Appropriate use for pupils at Hartshorne: (Parents can sign for the child)

The school has laptops and iPads that are connected to the Internet to help our learning.

There are times when I will use these to access the Internet and use email.

I will use the laptops and iPads only for work set by my teachers or for activities relating to school work.

I will do my best to look after the equipment and will tell my teacher if anything goes wrong.

I will not use the laptops and iPads for anything else unless my teacher gives me permission first.

I will not tell anybody my password, or let them use my email log in.

Any misuse of the ICT equipment should be reported to a member of staff immediately.

Anyone found mis-using the equipment may be banned from using it for a period of time.

The IT system is owned by the school and is made available to students to further their education and to staff to enhance their professional activities including teaching and learning, research, administration and management. The school's Acceptable Use of ICT Resources Policy has been drawn up to protect all parties - the students, the staff, the Parents and the school.

The school reserves the right to examine or delete any files that may be held on its computer systems or to monitor any Internet sites visited.
